### NOTES:

- **Affluence Bands:** Every parish is assigned an affluence band from A (low) to G (high) based on external data from Experian. In 2021 we completed a full review of all Affluence bands using the latest data available. This has resulted in a number of parishes moving up or down a band with a resulting impact on their CMF request. Any PCC who feels their assigned band does not represent their Community of Worshipers may request a detailed review by contacting the Diocesan Team.
- **Community of Worshipers:** The Community of Worshipers (CoW) figure is based on a 5 year rolling average. Due to the unknown impact of lockdown on church attendance and membership, it has been decided to re-use the CoW figures submitted for 2021 for all parishes when calculating the 2022 requests.
- **Special Consideration Applications:** Any PCC that is concerned about their ability to meet their CMF requests in full, is asked to contact their Deanery Finance Chair to discuss options and support.

If you have any queries regarding the information above please contact

**NOTES:**

- **Affluence Bands:** Every parish is assigned an affluence band from A (low) to G (high) based on external data from Experian. In 2021 we completed a full review of all Affluence bands using the latest data available. This has resulted in a number of parishes moving up or down a band with a resulting impact on their CMF request. Any PCC who feels their assigned band does not represent their Community of Worshipers may request a detailed review by contacting the Diocesan Team.
- **Community of Worshippers:** The Community of Worshippers (CoW) figure is based on a 5 year rolling average. Due to the unknown impact of lockdown on church attendance and membership, it has been decided to re-use the CoW figures submitted for 2021 for all parishes when calculating the 2022 requests.
- **Special Consideration Applications:** Any PCC that is concerned about their ability to meet their CMF requests in full, is asked to contact their Deanery Finance Chair to discuss options and support.

**NOTES:**

- **Affluence Bands:** Every parish is assigned an affluence band from A (low) to G (high) based on external data from Experian. In 2021 we completed a full review of all Affluence bands using the latest data available. This has resulted in a number of parishes moving up or down a band with a resulting impact on their CMF request. Any PCC who feels their assigned band does not represent their Community of Worshipers may request a detailed review by contacting the Diocesan Team.
- **Community of Worshipers:** The Community of Worshipers (CoW) figure is based on a 5 year rolling average. Due to the unknown impact of lockdown on church attendance and membership, it has been decided to re-use the CoW figures submitted for 2021 for all parishes when calculating the 2022 requests.
- **Special Consideration Applications:** Any PCC that is concerned about their ability to meet their CMF requests in full, is asked to contact their Deanery Finance Chair to discuss options and support.

**NOTES:**

- **Affluence Bands:** Every parish is assigned an affluence band from A (low) to G (high) based on external data from Experian. In 2021 we completed a full review of all Affluence bands using the latest data available. This has resulted in a number of parishes moving up or down a band with a resulting impact on their CMF request. Any PCC who feels their assigned band does not represent their Community of Worshipers may request a detailed review by contacting the Diocesan Team.
- **Community of Worshipers:** The Community of Worshipers (CoW) figure is based on a 5 year rolling average. Due to the unknown impact of lockdown on church attendance and membership, it has been decided to re-use the CoW figures submitted for 2021 for all parishes when calculating the 2022 requests.
- **Special Consideration Applications:** Any PCC that is concerned about their ability to meet their CMF requests in full, is asked to contact their Deanery Finance Chair to discuss options and support.

**If you have any queries regarding the information above please contact**

In 2021 we completed a full review of all Affluence bands using the latest data available. This has resulted in a number of parishes moving up or down a band with a resulting impact on their CMF request. Any PCC who feels their assigned band does not represent their Community of Worshipers may request a detailed review by contacting the Diocesan Team.
- **Community of Worshipers:** The Community of Worshipers (CoW) figure is based on a 5 year rolling average. Due to the unknown impact of lockdown on church attendance and membership, it has been decided to re-use the CoW figures submitted for 2021 for all parishes when calculating the 2022 requests.
- **Special Consideration Applications:** Any PCC that is concerned about their ability to meet their CMF requests in full, is asked to contact their Deanery Finance Chair to discuss options and support.

## NOTES:

- Affluence Bands:** Every parish is assigned an affluence band from A (low) to G (high) based on external data from Experian. In 2021 we completed a full review of all Affluence bands using the latest data available. This has resulted in a number of parishes moving up or down a band with a resulting impact on their CMF request. Any PCC who feels their assigned band does not represent their Community of Worshipers may request a detailed review by contacting the Diocesan Team.
- Community of Worshipers:** The Community of Worshipers (CoW) figure is based on a 5 year rolling average. Due to the unknown impact of lockdown on church attendance and membership, it has been decided to re-use the CoW figures submitted for 2021 for all parishes when calculating the 2022 requests.
- Special Consideration Applications:** Any PCC that is concerned about their ability to meet their CMF requests in full, is asked to contact their Deanery Finance Chair to discuss options and support.

## NOTES:

- **Affluence Bands:** Every parish is assigned an affluence band from A (low) to G (high) based on external data from Experian. In 2021 we completed a full review of all Affluence bands using the latest data available. This has resulted in a number of parishes moving up or down a band with a resulting impact on their CMF request. Any PCC who feels their assigned band does not represent their Community of Worshipers may request a detailed review by contacting the Diocesan Team.
- **Community of Worshipers:** The Community of Worshipers (CoW) figure is based on a 5 year rolling average. Due to the unknown impact of lockdown on church attendance and membership, it has been decided to re-use the CoW figures submitted for 2021 for all parishes when calculating the 2022 requests.
- **Special Consideration Applications:** Any PCC that is concerned about their ability to meet their CMF requests in full, is asked to contact their Deanery Finance Chair to discuss options and support.

If you have any queries regarding the information above please contact
